

ADVISORY SOLUTIONS

We offer a series of consulting solutions to help organizations build strong leadership accountability.

Strategic Leadership Conversations™: This solution is designed to help boards and senior management teams understand why leadership accountability is a critical business priority. We can also conduct a Leadership Accountability Audit to identify current strengths and gaps within organizations.

Accountable Teams™: A process to increase the clarity and commitment of a team through increased personal and collective accountability.

Create a Custom Leadership Contract: We can work with you to design and roll out a clear set of expectations for your leaders.

Facilitation of Leader Forums and Offsites: We can work with you to design and facilitate compelling in-person and virtual events to drive greater clarity and commitment among your leaders.

DEVELOPMENT PROGRAMS

Organizations need leaders to raise their game and have more impact at a personal, team and organizational level. Our series of award winning learning programs are designed to help leaders at all levels step up and become truly accountable in their roles:

The Leadership Contract™: Our hands-on Leadership Contract seminars and workshops (instructor-led, virtual instructor-led, and blended) transform how leaders think about their roles and shift their mindset of what it means to be a truly accountable leader.

Build an Accountable Team: This learning program helps leaders develop the skills to build and sustain an accountable team. Leaders will explore how to drive greater team clarity and team commitment.

Create a Community of Leaders: This learning program helps leaders develop the skills to work across an organization and embrace their role in building a strong leadership culture.

Integrated Offerings: Our digital platform and blended learning (virtual session, self-paced modules, peer coaching) builds community, sustains accountability and drives culture change.
